SENTIMENTAL

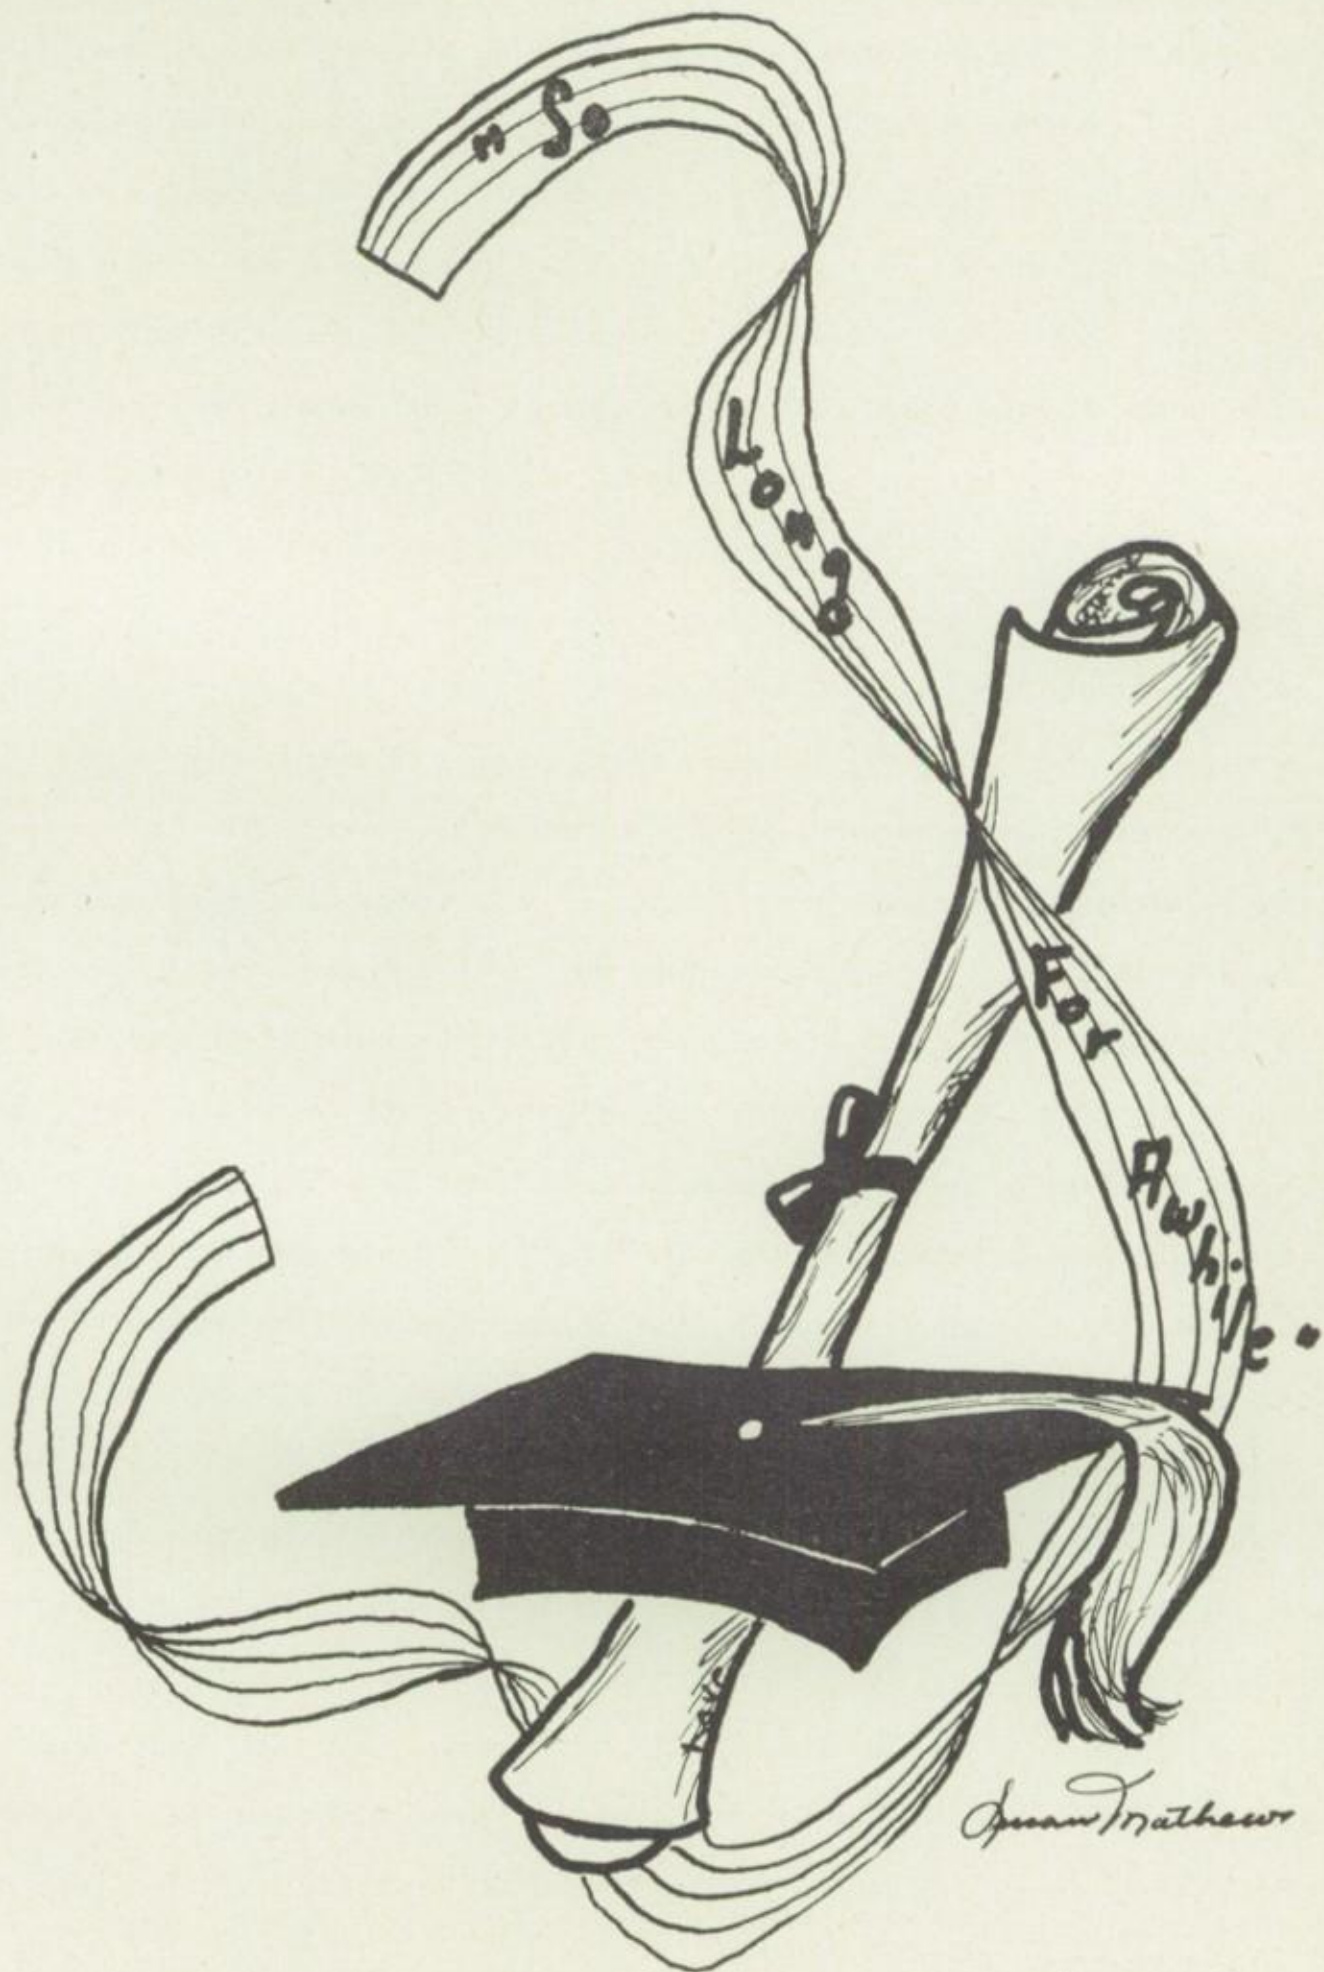

JOURNEY.....

DEDICATION

The students of Narbonne High School dedicate this El Eco to the Seal Bearers of the California Scholarship Federation, Chapter 34 'S, who now number 210, and who had their first reunion on June 12, 1953.

We pay tribute to Miss H. Marie Stiff, sponsor through the years, and to Mr. Bert Uogler, who through his genial cooperation has inspired our students to high ideals.

Billie Jo Pratt

From Our Principal

Generally speaking students who graduate from Narbonne should be much more attached sentimentally to their school than students in general. I say this because we are a six year school and the majority of us who do graduate have gone to Narbonne both through the junior and senior high schools. This is one of the reasons that I feel that we are an outstanding school. Those of us who get our diplomas from Narbonne should be very proud of the fact that we graduated from a school that has a fine reputation. When you apply for a job I am sure that when those who interview you ask the name of the school from which you graduated they take into consideration the reputation of this institution. With our emphasis on the musical theme this year in our Annual, it is appropriate at this time to say "Aloha" to our A-12's and wish them a very pleasant journey through this world.

E. B. BARNETT

From Our Acting Girls' Vice Principal

As the semester draws to a close, we pause to think of the goals which we attained during this year. It is a time when we appreciate the knowledge we acquired, the good times we had together, the friends we made. It is a time to proceed with our "Sentimental Journey" with great hopes for the future. How wonderful it would be if we could always keep within our hearts the joyous spirit of school days, and the abiding hope of wonderful things in life which are to follow.

A newcomer to Narbonne, may I wish you all "Bon Voyage."

HELEN NIERSBACH

From Our Girls' Vice Principal

As music recreates in sound some of life's significant moments, in days to come your year book will play again for you the record of your school days. May the memories of Narbonne it brings back be happy ones for all of you.

ELIZABETH PARKS

From Our Boys' Vice Principal

Summer Class of 1953

You have now finished the first big step in your formal education. Some will pursue a higher education in college, but the majority of graduates will be entering the competitive world of adults. The past 12 years were spent in preparing you for a useful and enjoyable life. We hope that these long years have been truly a fruitful, sentimental journey for you.

Your class of Summer '53 is the product of 318 years of public school education on America. Throughout this time there have been many changes in organization, techniques, and methods of teaching, but there has been little change in our fundamental ideals. We still strive to develop "master of self-obedience of law-respect for others".

Life like good music is expressed in harmony. May all of your future endeavors be harmonious.

If

If I were a teacher I would change all school rules. I wouldn't make anyone come to school too early. I would make all the water fountains three flavors of soda pop—orange, lime, and strawberry. I wouldn't give anyone homework, because I would give them all period to do their work. I would loan out my answer book to anyone who wanted to use it. In the summer time I would let all the kids come to school bare-footed or in their swim suits. I would have school start at 9:00 A. M. and dismiss at 12:00 noon just in time for lunch. For physical education we would do whatever we wanted. In the summer we would go to the beach. During the cold winter months we would go on trips, by bus and train, and see all the interesting sights. Then in May we would get out of school for vacation until December. All this and more is what I would do

If I were a teacher!

MRS. ALICE HEILMANN

Mrs. Alice Heilmann has left an indelible mark upon Narbonne High School. Many activities each semester bore the stamp of her artistic inspiration and ability.

Whenever the school was launching a campaign or putting on a performance the Poster Arts class set to work and soon the halls were gay with attractive advertising.

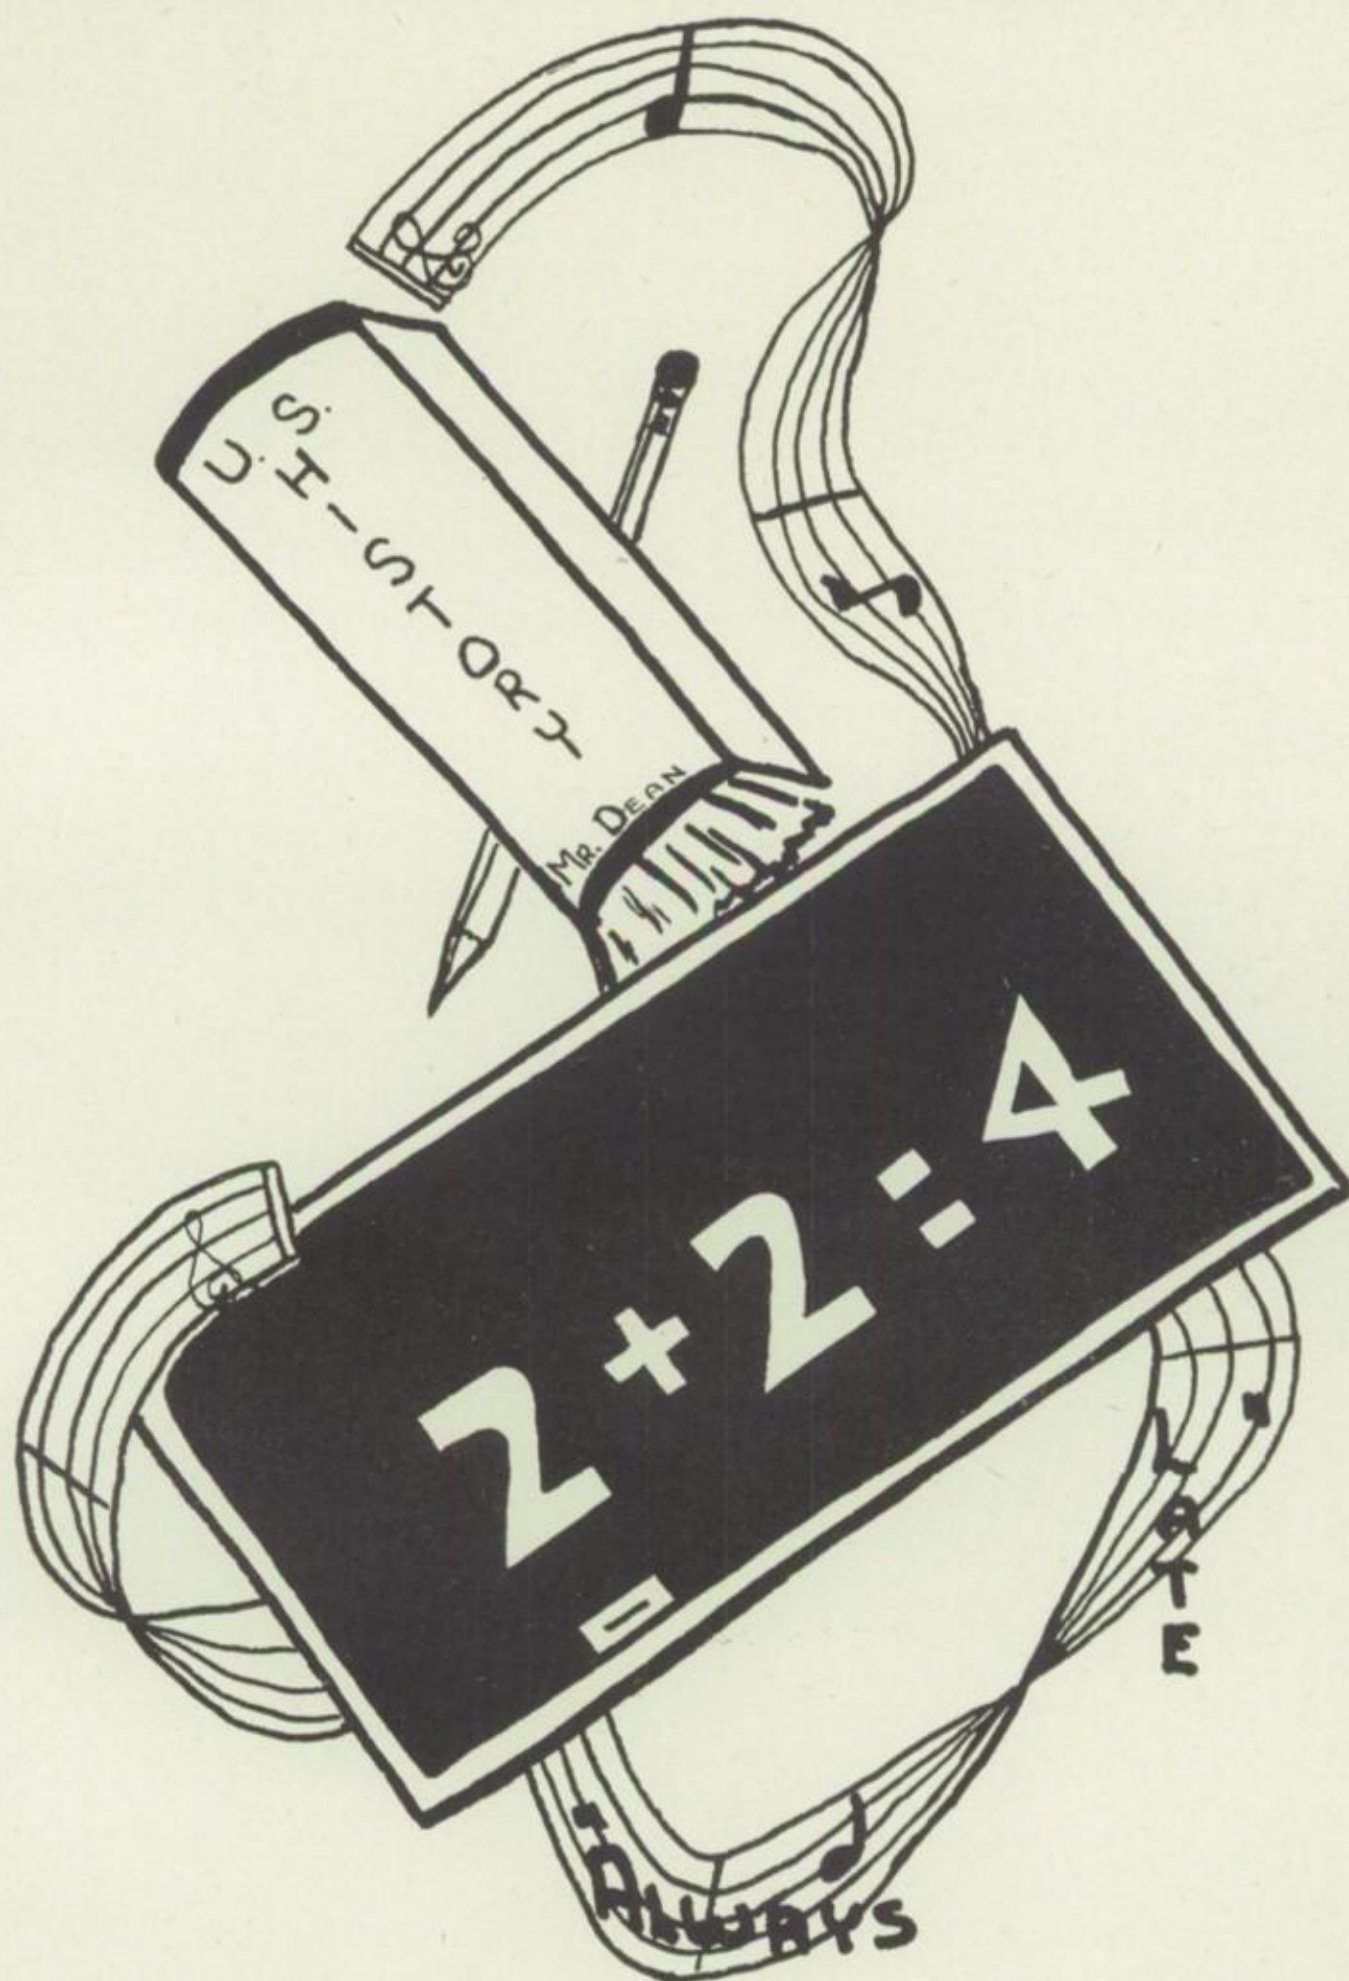

Always the bulletin boards were under her watchful eye.

For every graduation and at each A9 party, committees were inspired to prepare beautiful decorations under her guidance.

To her own art students in her attractive studio-room she was a jolly pal and friendly counselor. Her students have been trained to enter professional art schools.

Faculty and students alike pay tribute to a master teacher and real friend.
